"PEP," RECRUITING SLOGAN OF TENTH, DESCRIBES SPIRIT

Shown By 16 Young Men Who Enrolled First Day of the Campaign.

33 ARE NOW ON THE LIST

Toward Reorganization: Expectations Exceeded By the Response of the City's Young Men; Colonel Martin Appreciates Support Given Company

The response the young men of Connellsville and vicinity made on the first day of the campaign to recruit Company D, Tenth Regiment National Guard of Pennsylvania gave him ample proof that they have caught the spirit and meaning of the slogan — "Pep" — which Colonel Edward Martin yesterday elected Captain Shompe had been adopted as the recruiting recruiting slogan.

Sixty recruits were formally enlisted last evening which, including those who have already signed their contracts, makes a total of 33 members already secured toward the reorganization. This very much exceeds the expectations of Captain Shompe and those interested with him in the work of recruiting and is accepted as a most encouraging sign that the young men of the community appreciate the opportunity they have of assisting to keep Company D on of the best known institutions of the city.

With but two exceptions the young men who enrolled last evening including those who have had previous military experience including one ex-cadet veteran of Company D ninth Infantry, are with other units former members of Company D. Tenth Regiment members of the Reserve Militia and a number of the high school basketball team. The names of the students and military service of the recruits are as follows:

MELVIN W. JOHNSON, 153½ W. 21st and avenue 18, Pensauville Reserve Militia; FRED GLORI DANNER, 213 W. Patterson Avenue 18; P. L. R. RODGERS, 319 North Pittsburg Street, Pensauville; J. D. LIVINGSTON, R. F. D. No. 21, Pensauville Reserve Militia; G. M. ENAGNOTTE, 128 North Pittsburg Street, 27th Division of the Army; JOHN D. JOHNSON, Division 20, Company D, 10th Infantry; C. A. F. F. DURRANCE, 314 W. Pittsburg Avenue 18; J. H. RODGERS, 319 North Pittsburg Street, Pensauville; JAMES M. LEACH, 701 North Pittsburg Street, Company G, Reserve Militia; W. C. PORE, 389 North Pittsburg Street, 27th Division of the Army; ROBERT F. TERNLEY, 301 Franklin Avenue, 20, Company A, F. F. DURRANCE, 314 W. Pittsburg Avenue 18; Company D and Company G, three years; HARRY R. RODGERS, 29, North Pittsburg Avenue, 23, Company D and Company G; CHARLES TAY, 1006 Sycamore Street, 20, Company G, 12 months and Students Army Training Corps for months.

ROBERT SPRINGER, West Connellsville Avenue 18, Company G; CHARLES STORZ, East Pittsburg Avenue, 18.

In letters to Captain Shompe, Colonel Martin has expressed his appreciation of and commended very favorably upon the spirit of the citizens of Connellsville in their support of Company D. He has always had a warm spot in his heart for Company D and takes great pleasure in every move he makes set on foot to keep it up to former standards of efficiency and high character of membership.

As a reward for their service and as an incentive to boost recruiting the Adjutant General's Department has authorized the payment of a series of cash prizes to the members who have already enlisted who secure the largest number of accepted recruits for the largest number \$150 will be paid for the second largest \$100 and third largest \$50. All other members securing five recruits will receive \$25.

The armor will be open until 11 o'clock each evening during the recruiting period. Enrollment blanks and instructions for enlisting can be secured from Captain Shompe, Sergeant Alonzo M. Krepps of Lorain, Ohio; Third Regiment Reserve V. I. G. Third Regiment, Connellsville, who has been designated assistant recruiting officer. He is a veteran of Company D, having enlisted in 1907. He is experienced and capable and has always been active in boosting his company.

UNIVERSITY TO

GIVE EASTER DANCE

Committees have been named by the University Fraternity for the annual Easter dance to be held Tuesday evening, April 6, at the state armory. Invitations will be sent out within a short time. The dance, always the biggest event of the fraternity social year, is expected to eclipse the brilliant affair put on during Easter week last year.

The general manager of the dance is Captain J. L. Bixler, chairman.

J. W. Driscoll, Robert D. Adams and James A. Dart. The invitation committee is composed of Walter Morton, G. Carr Sheetz, Walter DeBoit and David Worthheimer. On the decoration committee are Edward Sudzak, H. D. Bixler, Harry DeBoit and James M. Driscoll.

The fraternity is giving a dance at the Macabean hall on St. Patrick's night for members of the club and a few friends.

The meeting night is changed.

At a well attended meeting of the Daughters of Isabella held last night in the parochial school hall it was decided to change the regular meeting night to the second and third Thursdays of each month. As a result of the change the attendance at the meetings is expected to increase as the new meeting night will not conflict with many other meetings or local arrangements. Several important plans for the general improvement of the society were adopted.

PUBLIC SENTIMENT AND A

"CLEAN CITY."—Who is doing the work of sound-
ing Major Brown's special health
commissioner concerning the ex-
tent of venereal diseases in the form of
sexual diseases will affect anything in
the direction of abatement or eradica-
tion, depends almost wholly upon pub-
lic sentiment.That the conditions which Major
Brown observed have long prevailed
there have been and can be no denial
lamentable and discreditable as the
admission must be. It is doubtful,
however, if any persons except physi-
cians and drugists have been aware
of the extent to which the dangers
pointed out by Major Brown have ex-
isted. That this is not alone of
our own but all other communities is
largely due to the hesitancy upon the
part of most people to direct attention
to the evil. Anything like public refer-
ence to diseases of this character,
and the awful consequences that fol-
low from infection, has not been re-
garded as good form. Lectures or other
forms of education on sex hygiene
have been tabooed in many quarters
with the result that there is a general
ignorance upon the subject.
The statistics of the physical examination
of men for service during the war the national health
authorities have realized the necessity
for radical action to stay the progress
of the black plague. Little by little
the public opinion has yielded to the view
that safeguarding the present and future
generations is so vital a matter
that our previous notions about
disease undergo a change. It is
everywhere being admitted that, as
with other important questions re-
lating to the welfare of citizens, re-
medial action cannot and will not be
taken unless there is an enlightened
public sentiment to back it up. Thus
it is no longer considered as in bad
taste or out of place to speak frankly
about the imperative need for a system-
atic, courageous and well directed
campaign designed to eradicate the
present greatest menace by which the
youth of the land are contaminated.Both to speak and to act has
come a very serious task in the presence
of which prudery must give way
to sound common sense. First in the
enactment of ordinances such as Major
Brown suggested, then to compel the
rigid, impartial and consistent
enforcement of them. But in respect to
the latter essential lies the weakness
of this plan as well as of others of a
like nature.For the past six years Connellsville
has had an ordinance which, strictly
enforced, would drive out of the city
or send to prison every street walker
or woman of doubtful character; those
as prostitutes, and those who
set up, establish, conduct or maintain
houses of prostitution, as well as
owners of property who rent houses or
rooms for immoral purposes. That
the conditions observed by Major Brown
prevail here is proof. If none other
were at hand, that virtually nothing
had been done to enforce this ordi-
nance.Unless there is developed a public
sentiment of sound strength and force
and in holding the enforcement of the
ordinances proposed, together with those
already enacted, we will make no per-
manent progress in the direction of
freeing Connellsville of the blight it
suffers in common with other places
of its size.The question to be considered
therefore, is not alone that of providing
legal machinery with which to accom-
plish this purpose. The more
important problem is that of
uniting every moral agency and force
for the moulding of a healthy, vigor-
ous and unafraid public sentiment
that the citizenry will constantly be
on the alert to see that its demands for a
clean city are complied with—not by
fits and starts, or in spots, but all the
time and everywhere cleaning up may
be desirable or necessary.A long-continued public will be grateful
to the editor. Major Brown has
had the location of one of the
mining veins. At least that will be
the construction placed upon our
esteemed contemporary's admission
that "somebody is always putting
the plug out of our barrel." We
will do well to be consistent.
But there is nothing so conspicuously
distinct in there is equally frank
revelation of the identity of the
"somebody" who "is always putting
the plug."The slogan of the new Penn-
sylvania Regiment is not altogether new,
but the prompt response of
Connellsville young men to the call
shows that they know the meaning of
the term.President Wilson steadfastly asserts
upon his prerogative of revoking ratifi-
cation of the treaty.

In any well managed business, if a branch is losing money, one of two things must be done—

Make adjustments so that the department will be self-supporting, or

Close up that end of the business.

Bell telephone operations in Pennsylvania are yielding no profits.

Certain units of the Bell System in other states have been granted increases in rates which make it possible for them to meet their expenses.

Today, Pennsylvania is not in that class and we in Pennsylvania cannot ask other states to shoulder our responsibilities. We must face our own problems.

In Pennsylvania right now, we are not making ends meet.

We have our own bills, our own payrolls, our own dividends to pay. We can't ask other states to pay them.

We must have increased rates in Pennsylvania or the service cannot be kept up.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old time remedy has no equal.

Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy.

Anyone who has coughed all day and all night, will say that the immediate relief given is unequalled.

It is the moment to prepare, and really there is nothing better for coughs.

Jato a pint bottle, put 2½ ounces of

Foley's; then add plain granulated sugar

and water, to the amount of two quarts.

Use clarified molasses, honey or corn

syrup, instead of sugar syrup. Either

way, the full pint saves about two

hours in the morning, and is a very

positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this hold instantly,

soothing and healing, the membranes in

all the air passages. It promptly loosens

a dry, tight cough, and soon you will

notice the phlegm thin out, and then

it begins to move. A very useful

and usually break an ordinary throat or

chest cold, and it is also splendid for

bronchitis, croup, hoarseness, and bron-

chial asthma.

Foley's is most valuable concentrated

compound of genuine Norway pine ex-

tract, the most reliable remedy for

throat and chest ailments.

To avoid disappointment, ask your

druggist for "Foley's" Pill, with

directions, and don't accept anything

else. Guaranteed to give absolute satis-

faction or money refunded. The Phar-

acy Co., Ft. Wayne, Ind.

Why Colds Are Dangerous.

You are often told to "beware of a cold," but why? We will tell you. Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases.

Chamberlin's Cold Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take. Adv.

The Paramount.
"When Bearcat Went Dry"—The life in the mountains of eastern Kentucky, is being shown today. It is no simple tale but one in which the elemental passions are illustrated, where right struggles with might for the mastery. With moonshiners engaged in battles royal with the little god of love also entering into the conflict it would appear that this picture should please the patrons of this theatre.

The Spokane.
"The Fortune Hunter"—In which Earle Williams is seen in the role of Nathaniel Dunham, is being presented today. Dunham, like many unfortunate products of modern colleges, is a business failure at 26. Too much of a gentleman to accept any favors from his successful friends, he announces his intention of going away. He goes to a small town and at the end of a year the richest girl in town proposes to him. A selected comedy is also being shown.

A Friend Recommended Them.

A person often does more good than he realizes when he tells a suffering friend how to get well. J. N. Tobill, clerk, Little Hotel, Evansville, Ind., writes: "For weeks I suffered constantly with pains in the muscles of my thigh. I was treated by the doctor for rheumatism but found no relief. Upon recommendation of a friend, I tried Poler's Anthony Pill and it began to get relief almost immediately." Good word, cashier, rheumatic pains, stiff joints. Sold everywhere.—Adv.
